

BLACK EARTH COMPOST

Collection and Composting of
Organic Waste in Massachusetts

WEEKLY PICK UPS OF FOOD WASTE FROM HOMES RESTAURANTS, SCHOOLS and BUSINESSES

Frequent pickups and compostable bin liners make composting clean and easy

We accept more than a backyard compost pile. Including meat, shells, bones, dairy and compostable bioplastics

Reduce trash, return nutrients to the soil, and live sustainably

For residential pick up from homes we offer a price reduction for all customers within your town once a specified number of households enroll or preregister. Receive finished compost in the spring.

By composting businesses comply with the Massachusetts Food Waste Disposal Ban. We provide custom schedules, cleaned lined bins and instructional signage for all size businesses.
